ORDER

UPON reading the letter from Travers Smith LLP sent on behalf of the Defendants dated 17 January 2020 requesting a ruling in relation to the timetable for the service of evidence and skeleton arguments in advance of the case management conference listed for 6 and 7 February 2020 (“CMC”), and the enclosed correspondence

IT IS ORDERED THAT:

1. The parties file and serve any applications to be considered at the CMC and evidence in support by 4pm on 22 January 2020.

2. The parties file and serve any responsive evidence in relation to any application by 4pm on 29 January 2020.
3. The parties file and serve skeleton arguments for the CMC by 4pm on 3 February 2020.

REASONS:

1. Although in correspondence the Claimants have stated that the timetable proposed by the Defendants requesting applications by 21 January provided insufficient time for the preparation and filing of any applications and evidence in support, the date of the CMC has been fixed since May 2019 and there has been ample time to prepare. The Claimants have been given until 22 January as an indulgence.
2. The Defendants requested three clear working days for the preparation of skeleton arguments. The deadline of 4pm on 3 February 2020 provides three working days (plus a weekend) which is sufficient for the preparation of skeleton arguments for the CMC.
